BALOCH, SO CALLED ISLAMIC STATE PAKISTAN  
AND BRITISH POLICIES REGARDING BALOCHISTAN

BALOCH as a nation has its own norms, customs and traditions, had, its own separate identity while British had been ruling over the subcontinent from 1857 to 1947. But unfortunately Balochistan, the land of Baloch, was tactically annexed in newly born country Pakistan, forcibly at the barrel of gun which marked the end of free Balochistan.

But on the other hand, Baloch nation started a movement for the restoration of their autonomous Baloch state namely "Greater Balochistan". They ranked in and took up the arms against the illegitimate son of Great Britain "Pakistan" to liberate their homeland.

This movement for, an independent Baloch land, has been on work after the passage of 60 years.

Pakistan at the very first days hectically immerses in to suppress Baloch liberation movement with iron lands, but failed to slaughter Baloch movement.

As a prominent Baloch poet Atta Shad says "we cannot be faded away by genocide" Pakistan's cruelty to innocent Baloch has been continued unendingly. Pakistan by the dent of power tried to end Baloch resistance in decades of 1940,50s, 60s, 70s, 80, and with the turn of new century but in vain.

In the present scenario, the Baloch freedom movement is not only alive but resisting the advancement of Pakistan, a legacy of British, colonialism to extracts the national assets of Balochistan. Baloch population is being bombarded by Pakistani air force.

But the brave children of this land are offering their lives to rescue their mother land from the unholy intentions of Pakistan in order to defile her honor. The situation of Balochistan is becoming tense day by day. Nawab Akbar Khan Bugti, a prominent Baloch personality laid his life for the honor of land on 26<sup>th</sup> august, 2006 yet another Baloch freedom fighter Balach Marri became the prey of Pakistani forces in 21 November, 2007, is really a great tragedy to unfortunate Baloch nation. The innocent Balochs are being continuously targeted, by Pakistani forces. Thousands of Balochs are missing and being tortured inhumanly in torture cells by Pakistani agencies. The lives of the people are unsecured in the brutal hands of Pakistani army. The Baloch's assets are being looted with both hands. Baloch tradition and its history of thousands of years are in danger by occupied state.

It is no wonder that bravery Baloch's life is on periling here, Balochistan ,but one of the champion of democracy and liberty, England on 4<sup>th</sup> December ,2007 ,arrested Baloch Leader HayrBiyar Marri , "who is legally dwelling in England" no doubt shocked the nerves of every Baloch. Sorry to say that it makes remember us that England has not free itself from the old conventions of colonial thinking of 60 years ago. Its slogan of freedom of expression is baseless and only to cheat the world. If England's government hands over Hayr Byar Marri, the Baloch leader, to Pakistan it will be a dark page in the history of England. And every outragedly condemn this unjust act of England. Ultimately it will abhor bias against England.

In short Baloch are not fighting a war against the humanity unlike other terrorist organization. Rather they are laying their lives to save their beloved land. Baloch are moderate and liberal in their views. They respect other nations of the world. They only and only have one mission, to liberate BALOCH land. Baloch has the message of peace for the entire world but this is possible on a condition when they let us establish our own country Balochistan.

Thanks.
